

Essentials Series

Peace of mind.
Peace and **quiet.**

Gliderol Garage Doors
to suit **every home.**

Gliderol Essentials Series

Designed to suit both modern and traditional homes, the Essentials Series offers a wide selection of classic Gliderol Roller Door and contemporary Safe•T•Glide doors to choose from.

At Gliderol, we have been providing our valued customers with state of the art garage doors for 40 years. So you can be confident that when you purchase a Gliderol garage door, we care about the quality of our products just as much as you do.

Choosing your
Gliderol Essential
Series Door **is easy.**

Creating your Gliderol Essential Series door is easy:

1. Pick your door style

Gliderol's Essential Series comprises of Roller Door and Sectional Door options available in both single and double door sizes.

2. Select your colour

With a range of Colorbond® colours to choose from, you are guaranteed to find a colour that complements your home.

3. Contact Us

Contact the Gliderol Garage Doors office to organise your free measure & quote and then let us take care of the rest!

Why would you choose a Roller Garage Door?

- A Roller Door is the most affordable type of garage door
- Can be made to suit most garage door openings
- Reduced noise and friction during operation resulting in lower maintenance
- Made from durable Colorbond® steel

Why would you choose a Sectional Garage Door?

- A lightweight stylish garage door option
- Four Sectional Door styles to choose from
- Window panels are available to let light into the garage
- Suits all styles of homes
- Available in a range of colours and finishes
- Sectional Doors are an increasingly popular garage door choice

Gliderol Roller Door

Continuous Sheet Curtain Roller Door

The Gliderol designed Roller Garage Door can be made to suit most garage openings, adding style and character to any home.

Designed and manufactured in Australia, the Gliderol Roller Door is specifically made for Australian conditions from durable Colorbond® steel. The revolutionary Polyglide™ allows effortless operation with minimal noise and friction, while the specifically designed reinforced bottom rail protects your home against intruders.

Strength and safety guaranteed, every Gliderol door is made to suit your specific garage door requirements. Gliderol offers a free measure and quote and ongoing after sales support in all major states and territories.

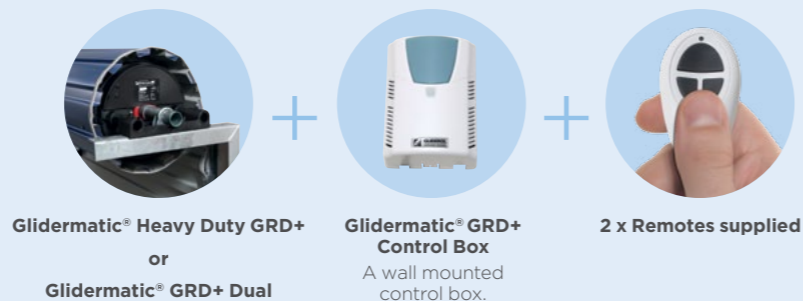

Key Features and Benefits

- Available in a wide range of colours
- Strength and quality in design
- Hard-wearing and high performance
- Minimal noise and friction
- Durable weather seal
- Reinforced bottom rail for added security

Gliderol Safe-T-Glide®

Sectional Overhead Garage Door

Safe-T-Glide is Gliderol's revolutionary alternative to the traditional garage door.

Gliderol's Safe-T-Glide doors use modern design concepts to provide new levels of performance and style.

Featuring a raised panel design, the Safe-T-Glide comprises a number of hinged rigid sections which slide overhead creating a lightweight stylish garage door.

With a choice of four designs, Oxford, Madison, Tuscan and Hampton, the Safe-T-Glide's Colorbond® finish will enhance your home's street appeal. The Safe-T-Glide is Australian designed and manufactured specifically for Australian conditions.

Key Features and Benefits

- Optional low headroom kit available for limited ceiling space
- Four design options
- Available in a wide range of colours – please refer to the Gliderol Colour Chart for further details
- Strong and versatile garage door option
- Minimal noise and friction

Oxford

The Oxford design uses classic Georgian squares to provide a traditional look to any home. Each square is precision pressed in manufacturing for quality and strength. Ideally suited with Gliderol's woodgrain finish, the Oxford design is also available in a smooth finish.

Hampton

The Hampton design elegantly incorporates rectangular embossments for a classic, yet strong style. Available in either woodgrain or smooth finish, the Hampton design suits both modern and more traditional homes.

Madison

The Madison design uses clean, sharp lines and a textured finish to perfectly blend with rendered homes. Available in either woodgrain or smooth finish, the Madison design is the right choice if you are looking for a door to blend with and compliment the façade of your home.

Tuscan

The Tuscan design creates a timber planked style door that is built with low maintenance Colorbond® steel. Horizontal "V" grooves create a sleek and contemporary look, providing the perfect design for modern homes.

Gliderol Safe•T•Glide

Window Options

Personalise your Sectional Garage Door even further by adding practical lighting solutions to your garage space. Windows are a stylish option to add to the top panel of your doors and allow natural light to filter into your garage.

Designed to compliment the Oxford and Hampton door styles, windows are available in both single and double door widths. Traditionally supplied in standard clear acrylic, there is also an optional upgrade to bronze tinting available.
